

# Why FluentStream?

At FluentStream, we believe small and mid-sized businesses deserve communications tools as powerful as any enterprise – without the complexity or price tag.

FluentStream gives SMBs access to the highest grade communications, innovative automation features, and award-winning, 24/7 U.S.-based support—enabled by a flexible, cloud-based platform built for growth, mobility, and customer engagement.

We understand that communication is the heartbeat of your business. That's why we build solutions tailored to the needs of today's dynamic, customer-focused teams.

**“From interoffice communication to our call center capabilities and our patient experience, FluentStream’s services have helped us make more informed business decisions that enable us to operate more efficiently and better serve our patients.”**

# Empowering Businesses to Communicate Smarter

## **Flexibility & Scalability**

Whether your team is remote, hybrid, or onsite, FluentStream's cloud platform is available where they are and adjusts with ease. Scale up as your business grows – no costly infrastructure needed.

## **Simplified Management**

Manage users, monitor activity, adjust settings, and access reports all from an intuitive web dashboard. Stay in control with just a few clicks.

## **Reliable & Secure**

With 99.999% uptime, encrypted communications, and built-in disaster recovery, FluentStream keeps your business connected and secure – no matter what.

## **Personalized Support**

We go beyond tech support. Our Technical Account Managers works with you to optimize your system and ensure the best communication outcomes.

## **Future-Ready Technology**

As your needs evolve, so do we. FluentStream continuously adds new features, integrations, and improvements to keep your business ahead.

## **Affordable by Design**

Get powerful business phone capabilities without overspending. Our transparent pricing ensures you pay for what you need – nothing more.
